THE CHALLENGE

Most people remain

victims of the change they dread

instead of becoming

vehicles of the change they desire.

DEFAULT OR DESIGN?

If we do not
champion the change we desire,
we become **victims of the change we dread.**

You will grow whether you like it or not.
But you can **CHOOSE** to grow **UP** and not just
grow **OLD.**

CHANCE OR CHOICE?

Seasons of **systematic degradation** that have produced a seemingly irredeemable **systemic failure**.

Many in our Organizations and Nation today are victims of the **cancer of corruption** and **life-threatening disruptions**.

CHANGE

EVOLUTIONARY

REVOLUTIONARY

The Opposite of **COURAGE** is not **COWARDICE**
but **CONFORMITY...**

COWARDS take a **TOUR** of mediocrity.
The **COURAGEOUS** take a **DELIBERATE DETOUR** from it.

CONFORMITY KILLS!

HAVE

YOU

BEEN

COOKED?

A black and white stencil of a person with a beard and long hair, sitting on a bench. The person is holding a large rectangular sign in front of their chest. The sign has the text "KEEP YOUR COINS, I WANT CHANGE" written on it. The person is wearing a jacket and has a cup on the ground in front of them. The background is a red brick wall.

KEEP YOUR COINS,
I WANT
CHANGE

YEAH RIGHT!

Four Character Types

CAN DO-WILL DO

The ideal team mate-ready to accept responsibility.

WILL DO-CAN'T DO

The ideal trainee-ready to learn and eager to assist.

CAN DO-WON'T DO

Hardly a team player-reluctant to learn and individualistic.

CAN'T DO-WON'T DO

Needs serious motivation, inspiration or an entirely new environment or team.

Which One Are You?
